Register of claims to lands, Rights to Forest Produce or easements in the proposed Settihalli and Hulikere Lower Block State Forests.

Serial No.	Names of claimants	Date of presentation of claims.	Nature and extent of claims preferred.	Brief summary of the evidence adduced in support of claims.	Brief summary of the Forest Officer's arguments produced by him.	Brief abstract decision and final disposal of the claim by the Forest Settlement Officer	Brief abstract of decision if any.
1	2	3	4	5	6	7	
1	Ankagowda and others of Kanaganamardi.	16th December 1938.	Sufficient gomal land for cattle.	They say that there are about 1000 cattle in their village and that the gomal land now reserved is insufficient.	An extent of 225 acres in Gomal Survey Nos. 86 and 94 is taken out of a total extent of 432 acres and 140 akeras. There is sufficient balance left for 900 sheep as for other cattle. This village being under Irra Canal, no further difficulty is felt. Hence boundary now fixed may remain. A margin of 33 feet will be left wherever the forest boundary passes by the side of Hiduvalli lands.	
2	Davanigowda and other villagers of Vadesamudra.	Do	(1) Right of way of Kere Kallappanabatta where they hold jathra every year on Mahanavami day and free access to the Temple there in. (2) Right of way to Guahallihalla in S. No. 124 for their cattle.	They say that they are holding jathra near the temple on the Bett every year on Mahanavami day and they want to enjoy this right as per mamool for grazing their cattle as per mamool.	The Range Forest Officer is agreeable for allowing this right. The Range Forest Officer is agreeable for allowing this right also.	The right prayed for is allowed. The following rights of way are also allowed (1) Foot-path to Kanaganamardi through Survey No. 121 of Vadesamudra. (2) Cart track from Spatar to Hulikere through Survey No. 40 of Vadesamudra. This is allowed as agreed to by the Forest Range Officer. Boundary line will be fixed after allowing 225 acres of gomal for the village cattle.	
3	Pujari Puttamallappa and other villagers of Agataballi.	Do	(1) To shift the above proposed line to the west of S. No. 97. (2) Right to take their cattle to the katta in S. Nos. 163 and 160 of Marichakanaballi.	For leaving sufficient gomal to their cattle. This is said to be the only source of water for the cattle.	Agreed to by the Range Forest Officer.	As this will badly affect the area of the Forest, this cannot be conceded but they will be given sufficient gomal of 115 acres. Right all well as agreed by the R. F. O. Boundary line will be fixed finally after allowing 115 acres of gomal by actual measurement.	
4	Kopral Pasappa and others of Hulikere and Kere-megalakoppal.	Do	(1) Pray that a length of 1 mile from their Hiduvalli lands be left in S. No. 327 (gomal). (2) The proposed boundary line should be at a distance of 1 mile to the South of S. Nos. 198 and 195. (3) The precincts of the Forest Lodge to be fenced.	For grazing the village cattle. To prevent the cattle from entering the precincts of the lodge where there will be plantation.	The Range Forest Officer states that some of this area is already under plantation.	This is not possible or reasonable. There are no sufficient reasons for this prayer. Besides some of the area being already under plantation, the prayer cannot be granted. As the Forest lodge and its surroundings are not within the proposed forest block, there is no reason to take up this question. The existing roads and tracks as shown in the map will be thrown open for public traffic. Boundary line shall be fixed after providing 328 acres of gomal by measurement by Surveyor.	
5	H Ramasetty and others of Marichakanaballi and Madagowdana Koppal.	Do	The pond in S. No. 160 to the South of gomal S. No. 163 may be reserved for the use of their cattle and that enough gomal may be left.	As there are 354 cows, 54 calves and 1089 sheep in the village and as this katta is absolutely necessary for the use of cattle, the demands are urged.	As it is necessary to reserve the Katta in Survey No. 160 the following changes in the boundary line is ordered:- The proposed boundary will be branched off at "A" the corner of S. No. 165 and be joined to "B" corner of Survey No. 162 and follow boundary line of Survey Nos. 162 and 161 up to "C". It will then be joined to the point "D" corner of Survey No. 160 and pass along the Southern bank of the halla up to "E" where it will join the old boundary line. Sufficient gomal land will be left with regard to the number of cattle. The following right of way will be allowed:- (1) Cart track through Survey No. 162 Hulikere through the State Forest. (2) Cart track from the village to Byadaraballi-Hulikere Road along the proposed foot-path joining the road about 2 or 3 furlongs from Byadaraballi Railway Station boundary line will be finally fixed after allowing 225 acres for gomal for grazing cattle. This shall be done by actual measurement. (148) actual 354 + — measurement (3)	
6	Huthegowda and others of Doddabadyadrahalli.	Do	(1) Right to "Halakola" for cattle to drink water. (2) Right to "Kunivekka" for cattle to drink. (3) Sufficient gomal for cattle.	They are said to be the water sources for the cattle to drink.	The Range Forest Officer has no objection for allowing the rights for both these Kattes.	(1) The right is conceded. (2) Right is conceded. (3) Sufficient gomal land will be left. The following rights of way are allowed: (1) Foot path of Vadesamudra, which exists passing by the side of No. 156. (2) Hulikere Byadaraballi Road. The boundary marked on the map except if they have for providing gomal for measurement. Surveyor maintain a private land as a right of way along the foot path. A margin of 33 feet will
